Uniquely clever. The Cleverpark plank is a true all-rounder. It suits every room, offering a diverse spectrum of colours, wood types and surfaces, demonstrating competence in the Silente products. The variety of this healthy-to-live, Swiss-made parquet is unique and offers an ideal solution for every taste and every living situation. Cleverpark also stands out with its excellent price-quality ratio.

Cleverpark, the classy all-rounder

This beautiful 1250 × 100 mm format suits any room perfectly, be it a spacious living room, a children's room, or a large office. The planks create a harmonious and flat overall image, and are a pleasure to walk barefoot on in the brushed version. Cleverpark is based on the HDF technology, with a resource-saving top layer of 2.5 mm. With full-surface bonding, the planks ensure whisper-quiet walking. Another advantage of this product line is its optimal energy use with floor heating. All Cleverpark products have been tested by independent institutions and proved to be healthy-to-live.
